

Many Sloughs Dried Up

Fewer Ducks in District As Hunting Season Opens

The hunting season for migratory birds opened in Southern Alberta on Wednesday of this week and remains open until Dec. 10. The season opened a week earlier this year than last year, due in part to demands that the opening be more in line with the start of the harvest season.

Local duck population in this area does not seem to be as great as last year. Many of the smaller sloughs have dried up as a result of the dry weather since July 1 and even the larger dams and sloughs do not seem to be carrying any great number of ducks. It is reported that the area between Red Deer and Edmonton has a greater-than-usual duck population. However, there have been a few reports of duck damage to swathed barley in the Vulcan district and few of the hunters out Wednesday morning came back empty-handed.

The daily bag limit for ducks has been increased to 10. Possession limit is increased to 40 birds, of which not more than 20 may be species other than mallard. The daily limit for geese remains at five, with a possession limit of 15. Regulations which should be remembered and observed are:

It is unlawful, at any time, to have a loaded shotgun in any vehicle, or to discharge any such shotgun from any vehicle, or shoot along or across any main or secondary highway; to hunt game birds with a shotgun of any description which has not been permanently plugged so as to reduce the capacity of said gun to a maximum of three shells in the magazine and chamber combined; to use any rifle or firearm firing a single bullet or ball cartridge in the hunting of any migratory game bird; to hunt over any enclosed lands that are posted with "No Hunting" signs without having first obtained the consent of the owner or occupant.

Much emphasis has been placed the last few years on farm-sportsman relationships.

Hunters should make it a rule to ask permission before hunting on private land; should put up bars and close gates; should crawl through, over or under fences without breaking them down; should be careful not to injure or destroy fowl or stock or let dogs worry livestock; and should always extinguish camp fires, cigarettes, embers from pipe before leaving the area.

In most instances, farmers will not only be glad to let you hunt on their property, but are also likely to point out the best hunting spots.

Hunting can also lead to a shameful loss of life, or serious accidents if safety is not made general practice by everyone handling a gun.

All hunters should adopt these 10 commandments:

1. Treat every gun with the respect due to a loaded gun.
2. Guns carried into camp or home, or when otherwise not in use, must always be unloaded and taken down or have actions open.
3. Always be sure barrel and action are clear of obstructions and that you have only ammunition of the proper size for the gun you are carrying. Remove oil and grease from the chamber before firing.
4. Always carry your gun so that you can control the direction of the muzzle even if you stumble; keep the safety on until you are ready to shoot.
5. Be sure of your target before you pull the trigger, know the identifying features of the game you intend to hunt.
6. Never point a gun at anything you do not want to shoot, avoid all horseplay while handling a gun.
7. Unattended guns should be unloaded; guns and ammunition should be stored separately beyond reach of children and careless adults.
8. Never climb a tree or fence or jump a ditch with a loaded gun; never pull a gun toward you by the muzzle.
9. Never shoot a bullet at a flat,

Mitchell-Robson Wedding Rites

A quiet but pretty fall wedding, uniting two well-known Vulcan families, was solemnized Sunday, September 4, at 5 p.m. in St. Gabriel's Anglican Church, Calgary, when Lorna Jeanne, younger daughter of Mr. and Mrs. C. R. Robson, became the bride of Donald Albert Mitchell, younger son of Mr. and Mrs. John Mitchell, all of Vulcan. Rev. E. A. Justice performed the ceremony.

The bride, who was given in marriage by her father, chose a waltz-length gown of brocade rose satin, trimmed with sequins. She wore a coronet of pearls and rhinestones and carried pink and white sweetheart roses cascading from a white prayer book. The groom's gift to the bride was a gold bracelet.

Mrs. Jim McNaughton, sister of the bride, was matron of honor. She was attired in a waltz-length dress of Dior blue taffeta, and her corsage was of pink carnations. Attending the groom was his brother, David Mitchell.

The bride's mother chose for her daughter's wedding an afternoon dress of rose crepe, with white accessories. Her corsage was of white roses. The groom's mother wore an afternoon dress of Rosewood crepe, complemented by white accessories. She wore a corsage of pink and white roses.

Following the ceremony a reception for members of the immediate families was held in the Royal Hotel dining room. The bride's table was centered by a three-tiered wedding cake surrounded with smilax and flanked by tall white tapers.

The toast to the bride was proposed by her brother-in-law, Jim McNaughton.

For travelling, the bride changed to a white linen sheath dress, with sequin trim, over which she wore a navy blue linen duster.

After a honeymoon in the mountains, Mr. and Mrs. Mitchell will make their home in Vulcan.

Shower Honors September Bride

Some 75 friends of Miss Lorna Robson, popular bride-elect, gathered at the United Church social parlors Wednesday evening last, when a lovely miscellaneous shower was held in her honor.

The room was decorated for the occasion with pink and white streamers, and the guest of honor table was gay with summer flowers centered with a miniature bride and groom.

A social evening was enjoyed, and later a decorated basket, piled with many useful and beautiful gifts, was brought in and presented to Lorna by Mrs. Jeanne Anderson, who expressed the best wishes of all. Assisting the honored guest in opening the many colorfully wrapped parcels were her mother, Mrs. C. R. Robson, and Mrs. Frances Gerding of Calgary.

Lorna very graciously thanked her many friends for their kind wishes and the lovely gifts. Among those who assisted with the preparations and entertaining were Mesdames Jeanne Anderson, Elsie Price, Audrey Moffitt, Myrtle Loucks, Shirley Franks, Madeline Atkinson, Dorothy Clark, Veda Boutland and Dora Willard; Miss Emma Graham and Miss LaRee Neville.

hard surface or the surface of water; when at target practice, to sure your backstop is adequate.

10. Do not mix gunpowder and alcohol; you need full control of your faculties when you hold the power of life and death in your hands; if you drink, do it when the day's shooting is over and the guns are all unloaded and put away.

Observe these ten commandments, say the experts, and see that your companions observe them also.

One final rule: Don't forget to buy your license and, when hunting, carry it with you. A license forgotten at home will not do you any good if an enforcement officer comes along.

Local Scouts Enjoyed Big Jamboree at Niagara

(Contributed)

On Sunday, Aug. 14 the Alberta Boy Scout contingent consisting of over 300 Scouts from Alberta and the N.W.T. met at the Stampede grounds in Calgary. On Monday, we boarded a train for St. Catharines, Ontario. After four days of steady travelling, stopping only at large cities, we arrived at camp. There the majority of other countries' had already set up camp. The next two days we spent setting up camp. On the twentieth, 10,000 Scouts congregated in the arena, and the Jamboree was officially opened by the Chief Scout of Canada, Vincent Massey. A 50-minute march past concluded the ceremonies. Most Scouts spent every spare minute trading with Scouts they may never see again. We were just like brothers. At night programmes were put on by other countries, which showed Canadian Scouts the life of Scouts in every part of the world.

A day was spent touring Niagara Falls which were very wonderful especially when the colored lights were turned on at night. We all dispersed at the Falls and went across the Rainbow bridge into the U.S. A four block parade in Toronto was the Scouts contribution to the Canadian National Exhibition. Alberta Scouts had the honor of leading this parade.

A very inspiring closing was conducted by Major-General Spay, head of the International Scout movement, assisted by Lady Baden-Powell.

Our trip home was very interesting as we had 11 New Zealand Scouts with us who are touring Canada. We both had a wonderful time but were sorry to see the Jamboree close. We wish to thank the Cub and Scout leaders and people in Vulcan who have helped us through Scouting and made it possible to attend the Jamboree.

Using a shovel as his frying pan and a screw-driver as a fork, Imperial Oil "roughneck" Paul Lafreniere cooks a juicy beefsteak over an open fire in northeastern B.C., 200 miles north of Dawson Creek. Pretty Wedding At Blairmore

Wolfe-Montalbetti

An afternoon ceremony was solemnized recently in the Blairmore United Church, uniting in marriage Shirley Ann, daughter of Mr. and Mrs. P. C. Montalbetti of Blairmore, and Wendell Wilson Wolfe, son of Mr. J. Wolfe, Vulcan.

Rev. R. MacAuley officiated. The church was decorated with yellow, white and Picardy gladioli, and guest pews were marked with white satin bows and nosegays.

Given in marriage by her father, the bride chose a floor-length gown of white tulle over bridal satin, styled with a lace applique bouffant skirt. The fitted bodice was of lace, designed with lily-point sleeves. Her fingertip illusion veil cascaded from a Chantilly lace headpiece trimmed with seed pearls and sequins. She carried a Bible topped by a white orchid and stephanotis.

Mrs. M. Maschio, sister of the bride, as matron of honor and Miss Betty Lynch-Staunton, the bridesmaid, were in similar gowns, aqua tulle and crystal, featuring fitted bodices and bouffant skirts. They carried bouquets of yellow gladioli. Little Deborah Susan Wolfe, niece of the groom, was flower girl. She wore a short dress of white nylon and carried a basket of white and yellow carnations.

John Wolfe, brother of the groom, was best man and guests were ushered by Mario Maschio, brother-in-law of the bride, and Donald Carlson.

Mrs. M. Pinkney played the wedding march and recessional, and accompanied Mrs. J. MacLeod, the soloist, who sang "The Lord's Prayer," during the signing of the register.

The reception was held at the Turtle Mountain Playgrounds, at Frank. To receive the guests, Mrs. Montalbetti wore a blue gown, fashioned with a bodice beaded in pearls and iridescent sequins. Her hat was of iridescent sequins and she wore a corsage of crimson roses. Mrs. J. C. Grimson, aunt of the groom, wore a white silk dress with fuchsia trim and a matching at. Her corsage was a gardenia.

The bridal table was spiced with six white tapers clustered about white, floating gladioli, and centered with a four-tiered wedding cake topped by a miniature bride and groom, framed in a lace heart.

Pouring tea were Mrs. E. A. Harper and Mrs. T. J. Costigan, and Mr. E. A. Harper proposed the toast to the bride.

For a honeymoon at Waterton, the bride changed to a moss green fine pleated suit, with which she wore a matching hat and brown accessories. She wore a mink stole, the gift of the groom and her corsage was cymbidium orchids.

The bride graduated from the University of Alberta with a B.Ed. degree, while her husband graduated from the same university as a civil engineer.

Out-of-town guests included Mr. J. Wolfe Sr., Mr. and Mrs. J. M. Wolfe and children, Mr. and Mrs. F. Fletcher, Douglas and Allan, and Mr. and Mrs. D. Jantzie, all of Vulcan; Mrs. J. C. Grimson and Miss Juliet Grimson of Vancouver, B.C.; Mrs. A. D. Ellwood, Victoria, B.C.; Miss Beth Elwood, Mr. and Mrs. Maurice Rivollier, Mr. and Mrs. E. S. MacGregor, all of Calgary; Donald Carlson, Edmonton; Mr. and Mrs. Dale Dennis, Lundbreck; and Mr. and Mrs. Arthur Chell, Fort Macleod.

Champion Jubilee Celebration

Little Bow Community Park Officially Opened

(By Champion Correspondent)

August 31st dawned bright and clear in keeping with the "Sunny Alberta" tradition and provided a perfect day for the opening of the Little Bow Community Park and Champion's Golden Jubilee celebration.

The Cleverly Pioneer Club honored those of its members who had pioneered in this country in 1905 or before. They were given seats of honor in commemoration of the fifty golden years they had given toward the progress of this province.

Rev. Peter Dawson, M.L.A. for the Little Bow Constituency declared the park open. The Hon. V. A. Woods, Minister of Lands and Forests, and Hugh Michaels, District Agriculturist, spoke of the development of the province since its birth in 1905.

Ed Griffin, for many years Reeve of the Municipal District of Harmony, spoke briefly of the early times in the district.

Jack Steeves, prominent farmer of the district, business man of Champion and chairman of the Park Board, presided at the ceremonies.

Wm. Christensen gave the history of the park from the beginning to what we see now. Many days of hard work and the loan of machinery, both donations of local farmers, went toward making the land bought by the P.F.R.A. and the Lions Clubs of Carmangay, Champion and Vulcan into the ideal spot for family picnics, community gatherings, boating, swimming, etc. A pavilion, boating house, and bathing houses were erected under the supervision of the Provincial Parks Board. Mr. Williams is caretaker of the buildings, the four thousand trees that have been planted and the beautiful bathing beach. This beach was formed by hauling many yards of sand.

After the ceremonies people mingled to enjoy boating, games and a good oldtime picnic lunch.

Fire Destroys Home and Contents

Fire of unknown origin almost completely destroyed the small house occupied by David Smith, adjacent to his Maple Leaf Petroleum premises on the elevator road late Saturday evening.

The fire had apparently gained a good hold before it was noticed and the alarm turned in, and damage to building and contents is estimated at over \$2000. The blaze attracted a large crowd but was extinguished within a few minutes after the fire department got into operation.

Will Instruct In Dentistry At Washington Univ.

Announcement is made in this issue that Dr. G. H. Gibb, local dentist, is leaving Vulcan and has disposed of his practice to Dr. H. M. Hamilton, formerly of Chicago.

Dr. and Mrs. Gibb and their children are leaving this month for Seattle, Wash., where Dr. Gibb will instruct in dentistry at the University of Washington.

During his stay of almost two years in Vulcan, Dr. Gibb has been active in community affairs. He has been president of the Vulcan Library Board, president of the Vulcan Chival Society and a member of the Vulcan Lions Club. He was superintendent of the M.I.A. of the Church of Latter Day Saints at Champion and Mrs. Gibb was teacher of the girls' class of the M.I.A. They have made many friends during their stay here and will be missed in the community.

Dr. H. M. Hamilton, formerly of Chicago, has taken over Dr. Gibb's dental practice. He is now residing here and will be joined next spring by Mrs. Hamilton and their daughter.

THE NEW CARS

The 1956 autos are going to be bright and early, longer and lower and no gasps of surprise at this—will have more power under the hood, reports The Financial Post.

Altered and more luxurious interiors will be available. Four-door hardtops will go bigger than ever. There'll be some emphasis on safety angles—seat-belts, padded dashboards, doors which won't spring open on impact, maybe even collapsible steering wheel units.

It isn't a general model change-year. Last year (the 1955 model) was the time of the big change. More sweeping alterations will be made in 1957.

But there'll be a rash of changes this year to grill-work and fenders. That's considered necessary in order to make sure dealers have plenty of selling points for the 1956 models.

THE WHOOPING CRANE—

This rare photograph of one of the few wild Whooping Cranes left in the world was taken by F. W. Lahrmann as the cranes moved southward through Saskatchewan en-

route to the Texas coast. The "Whooper" has a wing-spread of seven feet and stands four feet tall. Because it is sometimes mistaken for other white birds, hunters are being asked not to shoot at any large white bird.

Bits and Pieces . . .

IN CHECKING through weekly newspapers of the province it is interesting to see that several school divisions are this year instituting the text book rental plan. This plan has been in effect in the county of Vulcan Schools for at least two or three years and has saved parents of school children considerable money in this time.

SEVERAL PEOPLE have asked us lately if the town has any plans for increasing the efficiency of the sewer disposal plant. When the wind is in the right direction the stench is quite noticeable. We understand that more sewerage is now going through the plant than it was actually designed to handle. The effluent from the plant is supposed to be absolutely odorless if the sewage is properly treated, but if it goes through in too short a time an odor remains. We don't know what action, if any, the town is planning to meet this situation, but if the plant has to be enlarged steps to get this project under way should be taken immediately.

EVERY YEAR safety groups throughout the province, in co-operation with the newspapers and farm magazines, preach the subject of farm safety. Farmers are becoming more safety-conscious but still, every year, in the spring and fall, there are farm accidents to report. Usually only the fatal or near-fatal accidents make the headlines, but the loss of a finger or two is not easily laughed off either. Would you give one of your fingers for two minutes time? Of course you wouldn't. But that, or the loss of an arm or a leg, could easily be the price you'll pay by not taking proper safety precautions when working with farm machinery. Think it over . . .

Better Quality Wheat

Perfect harvest weather has prevailed this week and it is hoped that it will last the balance of this month at least. A month of fine, dry weather would see practically all the crop off and, most important, would assure farmers of harvesting good quality wheat.

It has been some years since farmers have harvested, to any great extent, that high-protein No. 1 spring wheat for which this district has been famous. A succession of years with early snowfalls, early frosts or heavy fall rains has made No. 1 wheat almost a rarity and the wet years, while producing big crops, are generally considered responsible for the steady drop in protein content of our wheat.

Rainfall has not been overly abundant this year but has been sufficient to assure a good, maybe better-than-average crop. There have been no prolonged periods of rainy or cold weather in July or August. We hope that long-range weather forecaster who predicts a heavy snowstorm before Sept. 15 is wrong. If he's right, the snow will be covering a lot of swathed grain, but if he's wrong there should be a lot of darn good wheat harvested this year.

Let's Not Be Easy Marks

Says an editorial in the Edmonton Journal: "A new way of shearing sheep is reported to be widespread on the prairies. Taxpayers, especially farmers, are being approached by men claiming to be officers of the department of national revenue, and are being persuaded to fill out income tax returns, even when returns have already been made in a regular way. Then, the smooth-talking imposters are pocketing fees 'charged' for assistance in preparation of the returns."

"A warning about this 'racket' has been issued by Revenue Minister McCann. He reminds citizens that only authorized officers of his department are permitted to call on a taxpayer, that no member of the staff is allowed to accept any fee from a taxpayer for any service rendered, and that bonafide officers carry proper credentials. The taxpayer, he urges, should ask to see the callers' credentials."

CARD OF THANKS
We wish to sincerely thank our friends and neighbors for their help in fighting the fire at our farm on Aug. 31.
—Mr. and Mrs. Tom Lucas
—Mr. and Mrs. Gordon Lucas
Armada. 1c

CARD OF THANKS
We would like to thank everyone who came to help fight the fire last Wednesday. It was only your interested help that put an end to the fire. Only a few hundred dollars damage was done, it could have easily been many thousands.

Our many thanks to the Lomond telephone operator for the fast warning she spread.
—Audrey and Gordon Lucas.

IN MEMORIAM
SALES—In loving memory of our dear son and brother, George Sales, who was killed in action, in France, September 12, 1944.

BRANT

Mrs. Ed McKeage was hostess to the Ladies Aid Thursday afternoon at 2:30 p.m. on Sept. 1st. Seven members were present and two visitors. In the business session it was decided to hold the church bazaar and tea on Nov. 8. Members were asked to please bring their Quaker coupons or box tops to next meeting. The roll call for next meeting will be answered by turning in a Quaker article. After the meeting a lovely lunch was served by Mrs. Benny Ball and Mrs. Emma Walbeaur. Our next meeting will be at Mrs. Mickey McKay's home.

A jolly good time was reported by all who attended the wedding dance Saturday evening, and music by Jack Swartz' Orchestra. It was sponsored by Mr. and Mrs. Cartmell, who were married Saturday afternoon in the Brant United Church.

Mr. and Mrs. Ed Auld had as their guests over the weekend, Mr. and Mrs. Wm. Cartmell and Mrs. Bakke and Miss Anna Lupsen from Rimby; Mr. and Mrs. J.C. Anderson and son Ralph from Calgary. Kenny Hamilton left for Red Deer on Sunday where he will attend Composite High School.

Burmese Prime Minister Visits U.N.

Prime Minister U Nu of Burma, in the course of a state visit to the United States, spent the afternoon of 6 July at United Nations Headquarters, New York. Entertained at lunch by U.N. Secretary-General Dag Hammarskjöld, the Burmese Prime Minister also gave a press conference and recorded an interview for United Nations Radio. The picture shows Prime Minister U Nu, attended by members of his official party, greeting Ma Than E, Burmese N. Radio staff member, who conducted the broadcast interview.

Persistent headaches are usually an indication of some more serious trouble. It is wise in such a case to have medical attention and to have the eyes examined by a medical eye doctor.

ARROWWOOD (Held Over)

Mrs. R. F. Williams has just returned from a visit with her daughter and family, Mr. and Mrs. E. Cameron of South Burnaby. While there, Mrs. Williams met her brother and wife, Mr. and Mrs. G. B. Coon of Cavallis, Oregon, and returned home by car with them. Also visiting at the Williams home are Mr. and Mrs. G. E. Goodspeed of Seattle, Wash.

Mrs. Dick Newby and boys of Edmonton are visiting at the home of Mr. and Mrs. R. E. Hill.

Mr. and Mrs. Claus Frantz of Bowness are the proud parents of a daughter, Aug. 27 in Calgary.

Mr. and Mrs. A. Harrison and F. Arney of Calgary were Sunday visitors at the home of Mr. and Mrs. C. Arney.

Mr. and Mrs. J. S. Culp were honored recently on the occasion of their 65th wedding anniversary. They were married in Indiana on Aug. 9, 1891 and moved to Canada in 1909. Celebrating the occasion, the Ladies Aid of the Church of the Brethren sponsored a pot-luck dinner. Seated at the head table with the honored guests were a few of their older friends including Mr. and Mrs. R. L. Culp, Mr. and Mrs. W. McDaniel, F. Arney, R. F. Williams, F. Hall, Mrs. H. Brown, Mrs. G. Brown and Mrs. A. Royer. Congratulations to Mr. and Mrs. J. Brown on the birth of a daughter in Vulcan hospital.

Mr. and Mrs. Don Parker and girls are visiting for a few days at the home of Mr. and Mrs. D. House.

Mr. and Mrs. L. King and Carol spent last week in Montana.

Miss Grace McDaniel left last week for Chico, Calif., where she attended the Pacific Coast Regional Youth Conference from Aug. 24 to 28.

Miss Donna Williams spent a week visiting in Calgary at the home of her grandmother, Mrs. H. McBride.

Mr. and Mrs. Snyder and family have moved into the house formerly occupied by F. Wallace. Mr. Snyder is employed by P.F.R.A.

A picnic was held recently in honor of Clate Williams' birthday. An enjoyable time was spent by those present, who were Mr. and Mrs. Clate Williams, Mr. and Mrs. Harold Williams and children, Mr. and Mrs. Louis Jones and children, Mr. and Mrs. Hurley Williams and children, Mr. and Mrs. Bud Becker and girls, Mr. and Mrs. Leonard Williams and girls, Mr. and Mrs. Dayton Williams and children, Mr. and Mrs. Donald Williams and children, Mr. and Mrs. Arnold Williams and children, Lyle and Marlene Williams, all children of Clate Williams. It is interesting that all the children are farming in the Arrowwood district, with the exception of Lyle and Marlene, who are still in school. Mrs. Kennedy of Brant, a sister of Mr. Williams, and Mr. and Mrs. Ross Kennedy of Brant were also present.

LOMOND

Doreen and Felix Kraus were Lomond visitors one day recently, visiting their friend Miss Florence Degenstein.

Wend and Marilyn Elliott are visitors at the home of Mr. and Mrs. Vern Volesky.

Mrs. Isabel Volesky had the misfortune recently to lose her wedding ring in the barley bin. Let's wish her luck and hope she finds it.

Little Elaine Hart, daughter of Mr. and Mrs. Olive Hart, celebrated her 3rd birthday on Friday last afternoon Aug. 26. She had as her guests, Lorraine Huff and mother, Florence Degenstein, Grandma Hart and Joan Hart and children.

An error was made in the news item recently when the names of Mr. and Mrs. Gib Hones were omitted from those attending the turkey dinner held at the home of Mr. and Mrs. Haeland of High River. Sorry, folks.

Mr. and Mrs. Joe Chollock and family of Lethbridge spent several days last week at the home of Mr. and Mrs. Guido Zambaldi.

Frankie Cherkas of Edmonton is spending a week or so in Lomond. Ronnie Fraser recently spent a week in Brockton visiting at the home of Mr. and Mrs. H. Hicks.

Mr. and Mrs. Ted Schlaht are visitors at the home of Mr. and Mrs. Sam Schlaht. Ted is still with the RCAF and is stationed at Cold Lake, Alta.

and son-in-law, Mr. and Mrs. Bill Schmidt and family in Edmonton.

ARMADA

H. Birkenes was rushed to the Vulcan hospital last Wednesday after having a finger cut off and another badly crushed when he got it and caught in a swath's belt. He was able to return home on Saturday. Best wishes for a speedy recovery are extended to Herb.

On Wednesday afternoon a fire of unknown origin once again struck the farm of Mr. and Mrs. Gordon Lucas, who only a few years ago lost their home and all their personal belongings by fire. Neighbors and friends of Armada and surrounding districts soon rushed to the scene and got the fire under control after it had burned two bins, some lumber, posts and numerous other things. One bin had oats in it while the other was filled with wheat. Although the bin was destroyed, the wheat, with the exception of about 100 bushels, was saved. Luckily, help arrived on time as all the farm buildings could have been demolished.

Evan Hughes of Chicago, Ill., former resident of Armada, renewed acquaintances in the district on Wednesday. He and his wife are visiting at the home of their daughter, Mrs. Alf Heather of Milo. Friends of Mrs. Hughes will be sorry to hear she suffered a heart attack and is a patient of the Vulcan hospital. Her many friends wish her a speedy recovery.

Ms. T. Lucas of Vulcan was a guest at the home of Mrs. M. Dawson on Wednesday.

Deepest sympathy is being extended to Irvin and Norman Kunkel on their loss of their brother Alf Kunkel of Guernsey, Sask.

Mr. and Mrs. L. Birkenes and baby of Calgary spent the long weekend at the home of the former's parents, Mr. and Mrs. H. Birkenes.

Miss Jeanette Kunkel and her girl friend, Miss Betty Turner, motored from Red Deer to spend the Labor Day week with Jeanette's parents, Mr. and Mrs. I. Kunkel.

Mr. and Mrs. J. Moncrief and family returned from a holiday in Lomond. Mr. and Mrs. B. Velieux and

family were business visitors to High River on Saturday.

Mr. and Mrs. Jerry Sweet of High River were Sunday visitors at the Velieux home.

Mr. and Mrs. F. Boyd had as their guests for the long weekend, their daughter Verna of Lethbridge.

Mr. and Mrs. E. Rosstad and two week vacation spent with his family of Chaplin, Sask. and Mrs. daughter in Missouri.

Urdal of Calgary are visiting relatives in the district.

Mr. and Mrs. T. Annear of Calgary were guests at the home of the latter's parents, Mr. and Mrs. I. Magnuson.

Mr. and Mrs. F. Oakes and family spent a holiday in the States.

C. Lund returned home after a two week vacation spent with his family of Chaplin, Sask. and Mrs. daughter in Missouri.

"To best serve the people of this community

I maintain a stock of carefully

selected merchandise. To be able to recommend the best

product for every need, it is part of my training to know the stand-

ards of quality and measures that have been established by science and

experience. When I order goods my selection is based on the

known merits of these widely recognized standards.

"Then I advertise to give people the news of my store. Because I know that nearly

everybody reads a newspaper I use newspaper advertising regularly. When people

pay for newspapers they read them carefully for all of the news that is

interesting to them. When my ads are newsy and contain useful information

I know that people will read them because they are news."

Another fact that merchants like about newspaper advertising is that they can buy it on the basis of known values that are just as definite as the measures of weight and quality that apply to merchandise which they handle.

Businessmen cannot afford to speculate with advertising. When they buy newspaper space they can make their investments on the strength of circulation facts and figures that are verified. It is good business practice to buy advertising by such methods just as it is good business to buy and sell merchandise on the basis of known standards.

Farewell Party Honors
Mrs. Florence Green

Over 100 friends and neighbors of Mrs. Florence Green gathered at the hall on Aug. 30 at a farewell party in her honor, before she moves to her new home in High River.

Several games of Bingo were played with a short program taking place. Solos were sung by Misses Paula Randle and Carollee Bates, and Mary Phyllis Cooke played two piano selections. Then Don McNeven Sr., who has known Mrs. Green for 50 years, presented her with a lovely swivel rocker television chair from the Community Club and those present. Mrs. Green thanked everyone and invited them to visit here. A sumptuous lunch rounded off the very enjoyable evening. Those who came some distance included Mr. and Mrs. Wm. Cockwill and daughter of Arrowwood; Mr. and Mrs. Grant Wray and daughter of Blackie; Mr. and Mrs. Norman Earle of High River; Mrs. Hildred Green of Calgary as well as other friends from Blackie.

Mrs. Mabel Davies and Mrs. Bev. Davies attended Marjory Auld's shower in Blackie on Wednesday evening.

Bob Beagle is holidaying with his grandparents, at Arrowwood. Word has been received from Pentleton, B.C., of the sudden death at Lyse, Wash., of Mr. Lee Beagle, age 60, one time resident of the Brant district. He is survived by his wife, 4 sons and 7 grandchildren in B.C. and by two brothers and one sister at Arrowwood.

Mr. and Mrs. Vic Davies met Mr. and Mrs. Gordon Laycraft in Banff and spent the weekend with them this summer.

Elroy Davies came home from Cranbrook, B.C., for the Labour Day weekend.

Mr. and Mrs. Cam Stewart and family and Mrs. Stewart's sister and husband of Vancouver spent the weekend in Banff.

The repair crew is here working on the Pioneer annex.

Mr. and Mrs. George Goodwin and daughter Beverly of Calgary are visiting at the home of M. C. Donavon and family.

Mr. Leonard was one of the first in the district to complete combining barley.

Recent visitors at the Vic Davies home were Mrs. S. Clane of Boston, Mass., Mrs. O. Volstad and Mrs. Johnson of Chesholm and J. D. Anderson and children of Calgary.

Mrs. Viola Thurlow, Mr. and Mrs. Albert Swartz of Calgary and Mr. and Mrs. Cecil Breen of Oshawa, spent two days in Banff recently.

cently.

Recent visitors with Mr. and Mrs. Gordon Sewell were Mr. and Mrs. S. Peat and Marlene of Millarville.

Jim and Bev. Davies and Arlayne Eamor motored to Cranbrook to visit Elroy Davies.

The Grade 9 pupils here were all successful in passing their exams.

During the holidays Miss Glenda McLennan of Calgary was a guest of Miss Elizabeth McNeven and other friends of the district.

Herronton 4-H Club

The Herronton 4-H girls recently took a two-day trip to Banff. Dan McNeven, Frank Bates and Harry Weber provided the transportation. Mrs. McNeven, Mrs. Weber and Mrs. Bates also went along with the girls. They stayed in cabins at Banff and had a pyjama party in the evening.

They went swimming in the Cave and Basin and also the Upper Hot Springs Pool. The girls went through the Luxton Museum and the Indian Fur Trading Post. The Administration Grounds and its many flowers were also viewed. A very interesting tour of the fish hatcheries was taken and enjoyed by all. Bow Falls was another interesting stop for the girls.

At Sundance Camp they got their first taste of real climbing, but it was worth it for the view was very lovely. One of the most interesting things done was the ride on the chairlift. It took a lot of courage but was enjoyed by all. Before coming home they went to Banff Springs Hotel and watched swimming in the pool there.

A visit to the bears and buffalo was also had and so the girls returned home a little tired but happy after their enjoyable trip to the mountains.

BRANT

Home and School

The first Home and School meeting for this year will be held at the Brant School at 8 p.m., Sept. 14. This will be one week later than usual, the regular meeting date being the first Wednesday of each month. All parents and interested persons are cordially invited to attend these meetings. The program on Sept. 14 will be a workshop. Members of the provincial executive will attend to demonstrate how to conduct buzz sessions.

The teachers will also be welcomed, so do come and meet them. Parents are urged to listen to a series of radio programs on health which will be presented each Tuesday, for five weeks, beginning Oct. 4 at 2 p.m. on station CJOC and CBX.

Jim Wilkinson, who has been a patient in Holy Cross hospital in Calgary, is home again. Mr. and Mrs. Gordon Brown from Seattle, Wash., are visiting the Fitcher family in Calgary and Brant and old friends in and around Brant district.

Aphids in Cover Crop

The weather this summer has been more favorable than usual, for the increase of aphid populations. This situation has added to the farmers' worries. First it was the corn aphid on late seeded barley crops, now cover crops are being attacked. I have observed several fields of cover crop that are carrying a large population of aphids, and these fields will probably be lost unless a change in the weather occurs. During the past week we have received reports from many farmers, which would indicate this situation to be fairly widespread, and common to southern Alberta.

If the aphids destroy a large part of the cover crop, a rather serious situation could arise with regard to wind erosion. Most cover crop fields have been worked several times to destroy weed growth; this has left these fields practically devoid of trash cover, and very susceptible to wind damage.

While this combination of unfortunate circumstances could have rather serious consequences, there are several things that may be done to help. Providing the crop has not deteriorated too badly it may be sprayed with malathion, using from 5 to 10 gallons of spray per acre. Malathion is diluted with water, depending on the strength

of the material; a little over a pint of 50% malathion is diluted with 10 gallons of water, if the material is 80% then use about 1/2 of a pint to 10 gallons of water. If malathion is correctly used a good kill of the aphids will be obtained in 24 to 48 hours. Aldrin is not effective.

There are several factors to consider before spraying, first it is expensive, overall cost for material and work being in the neighbourhood of \$2.50 to \$3.00 per acre. After a crop is sprayed it should remain comparatively free from infestation for about two weeks.

Whether this is a long enough period or not, no one seems to be sure, there is a distinct possibility that another spraying might be necessary if the weather continues warm and humid. Two sprayings would almost equal the value of the cover crop; however it would enable the crop to obtain enough growth to cover the soil, and eliminate the problem of wind erosion.

In other cases where surface moisture is good, reseeding might be considered. From observations we find that cats stand up best under a heavy aphid infestation, and of course provides the best cover crop. Even veseeded cover crop might have to be sprayed once. Reseeding to winter wheat is a fairly good bet, as the disease streak mosaic is not carried on either oats or barley. Winter wheat should be seeded about September 15th, to avoid root rot, as well as streak mosaic and aphid damage.

If none of these alternatives are possible, working the land to leave it rough and lumpy should be done later on.

From recent surveys it is known that the streak mosaic carrying mite is present, and farmers are being cautioned about seeding winter wheat earlier than the date mentioned.

RULES TO REDUCE CYCLING HAZARDS

Eight rules for reducing the hazard of bicycle riding in traffic have been set out as follows:

1. Ride with traffic, and keep to the far right.

2. No weaving or stunting. Ride in a straight line.

3. When with friends, ride in single file.

4. No passengers on bicycles, and put books and packages in a carrier.

5. In traffic, obey all signs, signals and traffic laws.

6. Never hitch on to a passing truck, street car, bus, or any vehicle.

7. If you MUST ride at night, have a good light and rear reflector.

Restaurants that show evidence of lack of proper sanitation and neglect of general cleanliness should be reported to the local health department. Disease germs may be passed from person to person if tableware and silver is not properly sterilized.

Little Montie Gordon of Cluny has been staying at Heather's this week. Also recent visitors with Mr. and Mrs. Heather were Mr. and Mrs. Eddy Watwood.

Mrs. Alf Heather took her mother Mrs. Hughes of Chicago to Vulcan on Wednesday for medical care, when she suffered a heart attack. At last report Mrs. Hughes was coming along fine. She and Mr. Hughes had arrived from Chicago only a few days before to spend a vacation here. We sincerely wish her a speedy recovery.

Mr. and Mrs. Art Kisinger and family of Calgary are spending a three week's vacation at the home of Mr. and Mrs. M. Clemmons.

A number of friends of Mr. and Mrs. Ernie Heather went to Queenstown for their farewell dance. Ernie grew up around here and farmed for a time after his return from overseas, giving up farming to take over the general store at Queenstown. He now has left for Calgary and we add our good wishes to Ernie and his family in their new endeavour.

Mrs. Bartsch took the prize for the most points at the flower show held in Queenstown on Saturday. Mrs. Hap Heather also was awarded some points, taking first for dahlias.

Dorothy Clements of Calgary spent the Labour Day weekend visiting with her parents, Mr. and Mrs. Bill Clements and other relatives.

Back To School

This was back to school week. For some households it was just another day, for others it was the starting of the usual routine of getting youngsters off in time to catch the school van and for still others it was a day of some excitement. It was the first day of school for the first small member of the family to join the ranks of school goers. Many a mother would feel lost for most of the day and it would be a strange creature who wouldn't shed a few tears amid the thoughts of the yet unseen and unknown future.

For some pupils it is the first day in a new school and it means making friends and fitting into

new surroundings. Then there are the students for whom school is only something of a necessary evil and who too late realize it was a very necessary part of their growing up and the best days of their young lives.

Among the teachers there will be also the beginners, those young people with school days not too far behind who are more scared that they appear as they face their first class. All of us know the teacher whom no one loves. We also know some who love their profession and are in return loved by all. For still others teaching is a stepping stone to a higher degree of learning or possibly a step to another career, different personalities all making for an interesting school.

So pupils and teachers, although school days are long since gone and are now only distant memories and although back to school days will be just another day in harvest, we give you a toast, "Happy school days."

High blood pressure, which may affect younger people as well as middle aged, puts extra strain on the heart. It is wise therefore to consult a doctor at any symptoms of high blood pressure.

Men, materials... and money

When a business lands an order or a contract, it is likely to go to a chartered bank to arrange some of the financing. It may need bank credit to meet payrolls, to buy materials or to cover other costs that arise before it is paid.

That's why businesses both large and small can take on many jobs they would be unable to handle if they had to depend entirely on their own financial resources... And why, every day and in every part of Canada, the chartered banks are lending money to producers, manufacturers, processors and other commercial customers.

Commercial loans are only one of many banking services available at a branch of a chartered bank. You will find it is a convenient banking service-centre where you can attend to all your banking needs.
